Refund process

This document describes how the support team handles refund requests for annual plans.

1. Intake

A customer writes to support. The agent checks the order number and the purchase date.

Field	Owner
Order number	Customer
Approval	Finance lead

2. Approval

Refunds above 500 USD need the finance lead's approval within two business days.

2.1 Escalation

Without an answer after two days, the request escalates to the head of support.

3. Payout

The payout goes back to the original card. Unicode check: café, naïve, 退款流程, emoji ✓.
